Dear Resident/Proprietor

**CARRIAGEWAY MAINTENANCE WORK – U1860 MALTON LANE TO STUGDALE HOUSE, FLAXTON**

This letter is to inform you that Tarmac, on behalf of North Yorkshire Council, will be undertaking essential carriageway maintenance works at the above location.

The works are currently programmed to be carried out on Thursday 05 December 2024 under a full road closure between the hours 07:30 and 17:00. The road will be open as usual outside of these hours. On site signage will be updated to show any changes to this date.

A plan showing the extent of the work is shown overleaf. This is a no through route so there is no diversion available. Advance warning signage advising of the works will be installed on site shortly.

On-site personnel will assist in managing access to properties within the closure however, please be advised that there may be extended periods when vehicular access will not be possible due to the nature of the works and the physical constraints of the site. Pedestrian access will be maintained.

If you usually park your vehicle on the carriageway within the work extents, please make arrangements to park your vehicle at an alternative location.

Please note that this work is part of an extensive programme and therefore it is possible that some adjustment to this start date, or works duration, may be necessary should unforeseen circumstances arise, such as the requirement for additional works, significant weather events or emergencies on the highway network.

If you have any queries regarding the works or wish to notify us of any special access requirements prior to work commencing, please contact the Traffic Management Team during the day on 07355 032239. Alternatively, please contact the NY Customer Service Centre on 0300 131 2 131. Once work commences, the operational workforce on site will be happy to answer any questions.

Please co-operate and comply with any instructions issued by the traffic management operatives and take extra care whilst works are in progress.
